EBITDA	368.246,84 €	513.277,98 €	1,05%

"We would absolutely like to underline the company's growth compared to 2021, when a lower growth was expected in the BP. We started the year in a spectacular way, also thanks to the constant support of our software and with very positive prospects to reach the set goal of closing the turnover at 250 million euros ", explains Marco Dezi, COO & Partner of Riba Mundo Tecnología.
